Professional Experience

Luytens Technology Solutions Jan 2022 - Present
Noida, Uttarpradesh

Web Developer

- Leading a team of developers in frontend and backend development at Luytens Technology Solutions, focusing on user-centric design.
- Implemented system design and architecture concepts to create robust and scalable software solutions.
- Developed expertise in frontend development and managed cross-functional teams to deliver high-quality projects.
- Enhanced skills in system architecture and design principles to drive innovation and efficiency in software development.
- Developed the company website into a modern, user-friendly platform.

The Chaya Chitra Jan 2021 - Dec 2021
Jaipur, Rajasthan

Technical Engineer

- Monitoring daily communication with an average of 20 clients, ensuring their needs and requirements are fully addressed.
- Redesigned website, resulting in a 20% increase in sales through enhanced UI/UX design and faster load times.
- Implementing a Customer Relationship Management System, resulting in improved client satisfaction and retention rates.

Bodhisatva Artificial Intelligence May 2019- Jul 2019
Jaipur, Rajasthan

Internship

- Developed a waste-management mobile application using React Native for the front end and Node.js for the back end, ensuring seamless user interaction and efficient data processing.
- Created a responsive website for EcoWrap Inc. using HTML5 and Bootstrap 4, delivering a modern and user-friendly interface optimized for various devices.

Technical Skills

- **Frontend:** HTML, CSS, JavaScript, React.js, Tailwind CSS, Bootstrap, Material UI.
- **Backend**: Node.js, Express.js, MongoDB, RESTful APIs.
- **Tools:** Git/Github, Jest, Postman.
- **Other:** OOPs Concepts, System Design, SQL/NoSQL.

Soft Skills

- Project Management
- Problem solver
- Fiercely curious
- Focus on Attention to detail

Side Projects

Juleo

- Developed an interactive dating platform for Juleo using React.js, Tailwind CSS, and React Router, crafting adaptive UI components, optimizing performance, and ensuring seamless navigation across features and pages. Collaborated closely with the client to deliver an intuitive and engaging user experience.
- Optimized performance by reducing React component re-renders, improving overall speed by 30%.

Luytens

Redesigned the company's website, elevating it from a simple user interface to a sophisticated, modern design. Utilized React.js, Tailwind CSS, and React Router for the front-end architecture, with dynamic animations powered by GSAP and Locomotive Scroll.
